

SEC. 7-1-4 LATE FEES.

The City Clerk-Treasurer shall assess and collect a late fee of Five Dollars (\$5.00) from every owner of a dog or cat five (5) months of age or over if the owner failed to obtain a license prior to April 1 of each year, or within thirty (30) days of acquiring ownership of a licensable dog or cat or if the owner failed to obtain a license on or before the dog or cat reached licensable age. Said late fee shall be charged in addition to the required license fee.

SEC. 7-1-5 RABIES QUARANTINE.

- (a) **Dogs and Cats Confined.** If a district is quarantined for rabies, all dogs and cats within the City shall be kept securely confined, tied, leashed or muzzled. Any dog or cat not confined, tied, leashed or muzzled is declared a public nuisance and may be impounded. All officers shall cooperate in the enforcement of the quarantine. The City Clerk-Treasurer shall promptly post in at least three (3) public places in the City notices of quarantine.
- (b) **Exemption of Vaccinated Dog or Cat from City Quarantine.** A dog or cat which is immunized currently against rabies, as evidenced by a valid certificate of rabies vaccination or other evidence, is exempt from the City quarantine provisions of Subsection (a) if a rabies vaccination tag or substitute tag is attached to the dog's or cat's collar.
- (c) **Quarantine or Sacrifice of an Animal Suspected of Biting a Person or Being Infected or Exposed to Rabies.**
 - (1) Quarantine or sacrifice of dog or cat. An officer shall order a dog or cat quarantined if the officer has reason to believe that the animal bit a person, is infected with rabies or has been in contact with a rabid animal. If a quarantine cannot be imposed because the dog or cat cannot be captured, the officer may kill the animal. The officer shall attempt to kill the animal in a humane manner and in a manner which avoids damage to the animal's head.
 - (2) Sacrifice of other animals. An officer may order killed or may kill an animal other than a dog or cat if the officer has reason to believe that the animal bit a person or is infected with rabies.
- (d) **Quarantine of Dog or Cat.**
 - (1) Delivery to isolation facility or quarantine on premises of owner. An officer who orders a dog or cat to be quarantined shall deliver the animal or shall order the animal delivered to an isolation facility as soon as possible but no later than twenty-four (24) hours after the original order is issued or the officer may order the animal to be quarantined on the premises of the owner if the animal is immunized currently against rabies as evidenced by a valid certificate of rabies vaccination or other evidence.
 - (2) Health risk to humans. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal bit a person, the custodian of an isolation facility or the owner shall keep the animal under strict isolation under the supervision of a veterinarian for at least ten (10) days after the incident occurred. In this paragraph, "supervision of a veterinarian" includes, at a minimum, examination of the animal on the first day of isolation, on the last day of isolation and on one (1) intervening day. If the observation period is not extended and if the veterinarian certifies that the dog

or cat has not exhibited any signs of rabies, the animal may be released from quarantine at the end of the observation period.

(3) Risk to animal health.

- a. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal and if the dog or cat is not currently immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for one hundred eighty (180) days. The owner shall have the animal vaccinated against rabies between one hundred fifty-five (155) and one hundred sixty-five (165) days after the exposure to a rabid animal.
- b. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal but if the dog or cat is immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for sixty (60) days. The owner shall have the animal revaccinated against rabies as soon as possible after exposure to a rabid animal.

(4) Sacrifice of a dog or cat exhibiting symptoms of rabies. If a veterinarian determines that a dog or cat exhibits symptoms of rabies during the original or extended observation period, the veterinarian shall notify the owner and the officer who ordered the animal quarantined and the officer or veterinarian shall kill the animal in a humane manner and in a manner which avoids damage to the animal's head. If the dog or cat is suspected to have bitten a person, the veterinarian shall notify the person or the person's physician.

- (e) **Delivery of Carcass; Preparation; Examination by Laboratory of Hygiene.** An officer who kills an animal shall deliver the carcass to a veterinarian or local health department. The veterinarian or local health department shall properly prepare and package the head of the animal in a manner to minimize deterioration, arrange for delivery by the most expeditious means feasible of the head of the animal to the State Laboratory of Hygiene and dispose of or arrange for the disposal of the remainder of the carcass in a manner which minimizes the risk or exposure to any rabies virus. The Laboratory of Hygiene shall examine the specimen and determine if the animal was infected with rabies. The State Laboratory of Hygiene shall notify the City, the veterinarian or local health department which prepared the carcass and, if the animal is suspected to have bitten a person, that person or the person's physician.
- (f) **Cooperation of Veterinarian.** Any practicing veterinarian who is requested to be involved in the rabies control program by an officer is encouraged to cooperate in a professional capacity with the City, the Laboratory of Hygiene, the local health department, the officer involved and, if the animal is suspected to have bitten a person, the person's physician.
- (g) **Responsibility for Quarantine and Laboratory Expenses.** The owner of an animal is responsible for any expenses incurred in connection with keeping the animal in an isolation facility, supervision and examination of the animal by a veterinarian, preparation of the carcass for laboratory examination and the fee for the laboratory examination. If the owner is unknown, the county is responsible for these expenses.
